# NOTICE

---

## THE STATE OF NEW HAMPSHIRE

L. S.

*To the inhabitants of the Town of Weare, in the county of Hillsborough, in said state, qualified to vote in town affairs:*

You are hereby notified to meet at the town house in said town on Tuesday, the fourteenth day of March next, at ten o'clock in the forenoon, to act upon the following subjects:

1st. To choose all necessary town officers for the year ensuing.

2d. To raise such sums of money as may be necessary to defray town charges for the ensuing year, and make appropriation of the same.

3d. To see how much money the town will raise to repair highways.

4th. To see how much money the town will raise to repair bridges and rail dangerous places along the highways.

5th. To see if the town will raise and appropriate the amount of money necessary to secure state aid for the permanent improvement of highways.

6th. To see how much money the town will appropriate for the observance of Memorial Day.

7th. To make provisions for the collection of taxes.

8th. To see what action the town will take in regard to buying oxen to use in repairing highways.

9th. To see what action the town will take in regard to laying a new floor in the town hall.

10th. To see what action the town will take in regard to buying twelve lots owned by Chester Chase in the Center cemetery.

11th. To see what action the town will take in regard to selling the town farm and the personal property appertaining to it, and devote the proceeds of the same towards the payment of the town debt.

Given under our hands and seal this 15th day of February, 1916.

EDWIN M. SMITH,  
CHARLES E. EATON,

# Report of School Board

---

## REMARKS

At the time of settlement, seven of our schools were open. We will have an average of 34 weeks for all our schools, which is the average for the state. Our average attendance for the past year fell off from the year before.

We want to impress on the minds of the people, who send children, the necessity of their having them in school every day and having them on time in the morning

We think if the parents visited the schools more and saw for themselves how things were going, they could better appreciate the teachers that we have been able to secure. We notice that most of the comments come from people that do not visit our schools.

Our state superintendent visited eight of our schools October 27th, and since that time we have jacketed six of our stoves and expect, before next fall, to have every stove jacketed in our schools.

The following is a general report from H. C. Morrison, State Superintendent:

"I want to congratulate the school board and the citizens of Weare on a system of rural schools which is very much above the ordinary. There is plenty of room for improvement still, but it is an unusual thing for me to find country schools, so many of them, showing such marks of diligent attention on the part of the governing authorities of the district. It is a great satisfaction.

"I perceive that the policy of the board and the citizens has been to do as much as possible each year in the direction of continued improvement in the buildings. This

is a wise and sane policy. The only modification that I can suggest is that some immediate attention be given in several of the schools to the closets.

"I was pleased in each school to see a clock and, in all but one, a piano or organ. Whether these musical instruments are used or not, I did not inquire. It was a good sign to see them there.

"I wish to suggest that some of the citizens, perhaps some organization of ladies in town, might like to take up the matter of providing for each building a few good photographs for the walls. I found some. More are needed. Avoid having too many. The ordinary schoolroom will rarely stand more than four.

"I found the teaching force of good quality and, in some cases, excellent."

# Superintendent's Report

---

*To the School Board of the Town of Weare.*

GENTLEMEN:—I submit the following report with recommendations:

## GENERAL CONDITIONS

The work of the Weare schools this past year has on the whole been very satisfactory.

The teaching corps is all that we have a right to expect from salaries paid and for the most part is doing good work. The result of the eighth grade examinations, given last June, were not satisfactory, except in one school.

This was no reflection upon the teachers then in charge, who were not responsible for previous work. I am interested in following the work of that grade particularly this year and have reason to expect better results than last year.

Perfectly satisfactory results in the eighth grade can never be secured except by obtaining satisfactory results in the lower grades. Teachers are frequently reminded of this, and I feel that the work of the lower grades has been stronger this year than last.

Parents often express their dissatisfaction of the progress made by their children. They have a sort of indefinite idea as to what their children should know and be able to do.

I am convinced that the kind of training the parents expect and desire their children to get, can be secured only by having fewer schools and grading those you have on the

plan of the East Weare school. It is but reasonable to suppose that the average teacher, who has but three or possibly four grades to teach, can do better work with them than the average teacher who has seven and eight grades to teach. I think we have a right to expect and demand more from the teacher having the fewer grades.

Your school buildings, for the most part, are in good condition, though not meeting requirements in all respects.

The equipment of books, supplies, maps and blackboards is good. Text books and supplementary reading matter are, however, still far from adequate.

In general, Weare has reason to be proud of the conditions of its schools.

#### REPAIRS

Your policy of applying a certain amount each year to keep the school buildings in repair, is an excellent one. I trust this year you will provide for painting the interior of some of the buildings, to make them a little more cheerful and homelike. Sugar Hill, Buxton and Riverdale houses especially need attention in this respect. Rockland and Number One District also, if those schools are to be kept open.

#### BOOKS AND SUPPLIES

The amount of supplies needed for next year will be about the same as for this year. For text books we shall need, as usual, to replace some worn out or too filthy for use and in addition, we shall need a new set of Physiologies and some new "Beginners' Histories." There is still need of more supplementary reading. Two new flags will be needed.

#### SCHOOL BUILDINGS

To fully meet requirements, school buildings should be equipped with adjustable seats and desks. The light

should come from the left and rear only, and the amount of light should be in proportion of one foot of window space to six of floor space, or better still, one to five. Each room should have a good heating and ventilating system. For an inexpensive one, the jacketed stove is recommended.

Blackboards should all be slate. Closets should be sanitary in every respect and so connected with the main school building that children need not go out of doors to get to them. A properly covered drinking receptacle should be furnished and individual drinking cups insisted upon. School rooms must be kept neat and sanitary and made as bright and cheerful as possible.

How near do the Weare school houses approach these requirements? You have begun to equip your schools with adjustable seats, all your recent purchases being of this kind. The East Weare and Center schools are now equipped with them;

The East Weare schools are the only ones properly lighted and in these perhaps the amount of light is not sufficient. Very little expense would make all the buildings right in this respect.

You have this year purchased six galvanized iron jackets for the stoves and arranged for fresh air and good ventilation in as many school rooms. All those installed are working nicely, and I congratulate you and the town that so much has been done along this line this year.

Seven of the schools have one or more slate blackboards. Most of them have proper drinking receptacles and individual cups.

None of the schools have as bright and cheerful an appearance as they would have if painted with a properly colored paint.

Only two of the buildings have closets that can be entered without going out of doors, and one of these is entirely unsanitary in its arrangement.

I mention these things merely to sum up what has been done and what remains to be done, that it may assist

you somewhat in making your estimate as to what you will do this next year.

#### RECOMMENDATIONS

I recommend: That each year some one school house be equipped with adjustable seats and desks, until all are so furnished. That as many windows be changed each year as repair money will permit, until all the schools are receiving the proper amount of light and from the right direction. That the interior walls of school buildings be painted or papered grayish green in color and wood work some light color to harmonize with the walls. That those school houses without any slate blackboards be equipped next year with at least one. That action be taken, as soon as possible, to put the closets in neat and sanitary condition and, as many as possible this year, be made to comply with state requirements.

I believe much good could be accomplished, valuable information disseminated and a live interest in educational matters created by the organization of a "Parent-Teachers' Association." I recommend to you and to the citizens that an effort be made to organize such an association this year.

I recommend, that wherever the number of children remaining in the school houses to dinner would warrant it, that provision be made, during the winter months, for serving something hot with the lunch brought from home. The North Weare and Friends schools already are equipped for this. The expense would be small; the benefit great.

I recommend, that in hiring teachers, we give preference to Normal graduates and those holding state certificates. First, because we have reason to believe that they are better fitted for the work and second, because it is a good business proposition to do so.

As soon as possible another week should be added to the school year. I believe such action would receive the

sanction of the voters, and it would help in securing better teachers to come here, as the longer school year would mean more salary.

I recommend the establishing of graded schools, like the one at East Weare, at North Weare, South Weare and the Center. The buildings at these places are sufficiently large to do this without further addition to them and therefore at little cost. I recommend this, because it is undoubtedly the right thing to do to secure the most efficient teaching and consequent results.

#### CONCLUSION

There never was a time when so much attention was being given to the welfare of country schools as now. The state of New Hampshire is among the leaders in this matter. Weare has certainly shown a disposition to keep up with the progressive ideas in educational matters and, so far as its finances would permit, to carry out the suggestions of the State Department of Education. I am sure it will continue to do so under such managers as I have found you as a Board to be.

Very respectfully yours,

F. L. LIBBEY,  
*Superintendent.*

# REPORT OF Treasurer of School District

## SCHOOL MONEY

On hand, February 15, 1915 . . . . .	\$78 65
Received of Frank Tucker, town treasurer:

## THE STATE OF NEW HAMPSHIRE

L. S.

*To the inhabitants of the School District in the Town of  
Weare, qualified to vote in district affairs:*

You are hereby notified to meet at the town hall in said district on the 18th day of March, 1916, at 2.30 o'clock in the afternoon, to act upon the following subjects:

1st. To choose a Moderator for the coming year.

2d. To choose a Clerk for the ensuing year.

3d. To choose a member of the School Board for the ensuing three years.

4th. To choose a Treasurer for the ensuing year.

5th. To hear the reports of Agents, Auditors, Committees, or officers heretofore chosen, and pass any vote relating thereto.

6th. To choose Agents, Auditors and Committees in relation to any subject embraced in this warrant.

7th. To see how much money the district will raise and appropriate for the support of schools.

8th. To see how much money the district will raise and appropriate for repairs.

9th. To transact any other business that may legally come before the meeting, and raise and appropriate money for the same.

Given under our hands and seal, at said Weare, this 1st day of March, 1916.

OLIVER H. EDWARDS,  
LOUIS O. PRINCE,  
EDWARD T. BREED,  
*School Board of Weare.*

A true copy of warrant—attest:

OLIVER H. EDWARDS,  
LOUIS O. PRINCE,

THE GROWTH OF OUR PATRONAGE has made a substantial enlargement of our equipment a necessity, and today our sight service is superior to any previous time.

Again we acknowledge with thanks good old Weare's part in making ours the Optometrical Center of Manchester. Kindly come in when waiting for a trolley and let us show you what a progressive 1916 Optometrical establishment is like.
